B Boy

G Girl

• Copies of the chart disagree (43 of 336 cells)

Read it with the mother's nominal (Chinese) age and the lunar month of conception;
jadealmanac.com/chinese-gender-predictor works out both from two dates.

A tradition, not a test: checked against 2.8 million Swedish births,
 it was right about half the time (Villamor et al., 2010).
